d) Write a note on CPU protection.  2. Either:  a) Explain command interpreter system in detail. b) Discuss information maintenance.  OR
<ul> <li>Either:</li> <li>a) Explain command interpreter system in detail.</li> <li>b) Discuss information maintenance.</li> </ul> OR
<ul> <li>a) Explain command interpreter system in detail.</li> <li>b) Discuss information maintenance.</li> </ul> OR
b) Discuss information maintenance.  OR
OR
c) Discuss the role of system administrator.
d) Write a detail note on system calls.
3. Either:
a) Explain the procedure for naming files.
b) Write a short note on: i) C-shells ii) Bourne OR
c) Discuss the structure of Linux operating system.
d) Write a short note on: i) Cat ii) rm
4. Either:
a) Write a note on:
i) Chown ii) Kill
b) How do you explain arithmetic in shell-script.
OR
<ul><li>c) Write a short note on:</li><li>i) Sart</li><li>ii) ps</li></ul>
d) Write a detail note on filters.
5. All questions are compulsory.
a) Explain the concept of Batch.
b) Write a note on networking.
c) Write a short note on:
i) $\ell_{\rm N}$ d) Write a short note on grap
d) Write a short note on grep. 2
